Services
and
Speaker's Bureau**

Do you need support, expertise, innovations, ideas or solutions for voter registration or election issues? Do you need a speaker for your conference, workshop or seminar?

WHO ARE WE?

Our consulting teams consist of election professionals with dozens of years experience in large, medium and small jurisdictions throughout the county. We also have attorneys and college instructors available. Each team is selected to meet your particular need.

OUR FEES

Our competitive fees are based on the services requested.

WHY THE ELECTION CENTER?

Expertise. The Election Center is the only organization in America that specializes in voter registration and election administration, The Election Center is the premier organization of election professionals.

Election administration is so complex and specialized that other firms are likely to make mistakes in recommendations for solutions. For more than 20 years, The Election Center has trained more voter registration and election administrators than any other organization in the world. We can quickly spot the difference between a successful program and where trouble has likely begun.

In addition to expertise as the acknowledged premier elections organization, we know and understand the role of governmental agencies, the governmental budgeting process, the goals of public service and the ethical considerations unique to government, and especially to elections. As a non-profit, we have a dedication to service for governmental clients.

The Election Center is a nonprofit 501(c)(3) tax-exempt organization under the regulations of the Internal Revenue Service. The Election Center's purpose is to promote, preserve, and improve democracy. It is also known as the National Association of Election Officials.

The Election Center's members are almost exclusively government employees whose profession it is to serve in voter registration and election administration, i.e., voter registrars, election supervisors, election directors, city clerk/city secretary, county clerk, county recorder, state legislative staff, state election director and Secretary of State for each of the individual states, territories, and the District of Columbia.

As the election profession's premier organization for training and certification of election and

voter registration administrators, The Election Center also conducts annual conferences and several regional workshops and seminars throughout each year which are designed specifically for government elections units. Each of these programs is designed to improve the methods of operation and efficiency of the affected offices. The result is improved service to voters, the public, the taxpayers and to government.

Continuing professional education is the cornerstone of continuous improvement of democracy through The Election Center's Professional Education Program. A joint effort of The Election Center and Auburn University's public administration faculty, the Professional Education Program offers college level instruction for professional growth and development of government officials in the elections and voter registration process. These classes are conducted in several locations throughout each year. The Professional Education Program won an award as the most outstanding continuing education program in America from the National College and University Continuing Education Association (1995).
